Faculty: Faculty of Law	
Course ID: PraF.KTPFP/PhD-785/16	Course title: Semantic Analysis of Normative Legal Texts and Legal Reasoning
Educational activities: Type of activities: lecture / seminar Number of hours: per week: 1 / 1 per level/semester: 14 / 14 Form of the course: on-site learning	
Number of credits: 4	
Recommended semester: 1.	
Educational level: III.	
Prerequisites:	
Course requirements: Continuous assessment: presentations (50%), written assignment (50%) Final assessment: Classification scale: A/1 = 91 - 100%; B/1.5 = 81 - 90%; C/2 = 73 - 80%; D/2.5 = 66 - 72%; E/3 = 60 - 65%; FX = 0 - 59%, unless an internal regulation of the Comenius University or the Faculty of Arts of the Comenius University stipulates otherwise.	
Learning outcomes: Students will deepen their knowledge of the semantic analysis of the language of legal theory and practice, thereby acquiring a semantically accurate understanding of even the most difficult legal texts. They will develop practice with tools for compacting normative texts, practice with their reconstruction. They will improve their logical and semantic interpretation of legal texts. Students will deepen their knowledge of the semantic foundations of reasoning, explanation and application in law. As a result, they will increase their competence not only to analyze logically adequate typological cases of legal reasoning and interpretations, but also to identify erroneous reasoning and interpretations.	
Class syllabus: Principles of logical semantics. 2. The logical structure of legal norms. 3. Normative (deontic) modalities in law. 4. Intensional theory of meaning and concepts in law. 5. Hyperintentional contexts in legal norms - structuring the meanings of expressions. 6. Interpretation of legal texts. 7. Semantic, logical and functional rules of interpretation in law. 8. Argumentation and reasoning in law based on the meaning of the legislative proposition, the will of the legislator, the purpose of the law, the importance of substantive values and possible social consequences, reference to systematic legal context and principles, analogy of the law, precedent. 9. The formation of legal norms from the perspective of logical semantics. 10. Instrument of the rational legislator (principles of consistency, conclusiveness, unambiguity, completeness, conciseness).
